

Connoisseur Custom Combo Pack

ROOTED CUTTINGS (18-24 HOURS OF LIGHT)

	SENSI GROW A	SENSI GROW B	B52
Week 1	4ml	4ml	4ml

Rooted Cuttings

A rooted cutting should have at least 6 or 8 roots - 4 inches long or longer

When Transplanting:

Pre Soak grow medium with 8ml / gallon of B52 & water

**ALL VALUES ARE
PER GALLON**

VEGETIVE STAGE (18 HOURS OF LIGHT)

	SENSI GROW A	SENSI GROW B	B52	F1 (FULVIC)	SENSI ZYM	RHINO SKIN
Week 1	8ml	8ml	8ml	10ml	4ml	6ml
Week 2	12ml	12ml	8ml	10ml	8ml	8ml
Week 3	16ml	16ml	8ml	10ml	8ml	8ml

For Soil Growers:

All transplanting should be done at least 1 week before switching to flower.

Transition to flower: (hardest time of a plants life)

All transplanting should be done. Make sure daytime temp is around 80°.

Very important that nighttime temperature stays above 70°, this will improve your internodal spacing & reduce stretching.

FLOWERING STAGE (12 HOURS OF LIGHT)

	CONNI A	CONNI B	B52	F1 (FULVIC)	SENSI ZYM	BUD FACTOR X	BUD INGITOR	BIG BUD	OVER DRIVE	RHINO SKIN
Week 1	16ml	16ml		10ml	8ml	8ml	8ml			8ml
Week 2	16ml	16ml		10ml	8ml	8ml	8ml			8ml
Week 3	16ml	16ml	8ml	10ml	8ml	8ml		8ml		8ml
Week 4	16ml	16ml	8ml		8ml	8ml		8ml		8ml
Week 5	16ml	16ml	8ml		8ml	8ml		8ml		8ml
Week 6	16ml	16ml			8ml	8ml			8ml	8ml
Week 7	16ml	16ml			8ml				8ml	
Week 8	16ml	16ml							8ml	

Week 9

Rinse stage – Fresh water only for entire week

Vegetive & Flowering Time:

Use week 3 of veg formula for all veg weeks after week 3

If your flowering cycle is only 8 weeks, skip week 4

If your flowering cycle is 10 weeks, repeat week 4 twice

Food Strength

Not every strain will want the same amount of food.

If you lower or raise the food amount, adjust the base (sensigrow & connoisseur) use the additives at the listed amount.

Rinse stage:

Use fresh water only for minimum 7 days (we go 10-12)

If your plants become stressed at any stage:

Raise the lights 12" to 18" Higher than normal,
Water plants with 8ml / gallon of B52 & fresh water for 2 watering's, when plants show signs of growth again, continue with regular feeding program.

Add products to water in the order they are listed
